Bone and Joint Pain
and Ageing Naturally*

CLASSIC THERMAE

OUR HOT SPRINGS

The springs are meteoric in nature and come from the Piccole Dolomiti (Little Dolomites). The water seeped into the ground above the 1500 m asl line, and reaches us after an underground voyage of thousands of years, after filtering down to depths of over 4000 metres. These are ancient and very pure waters, rich with minerals they collected thanks to the heat and pressure they were subject to. The geological structure of the Euganean Hills made them emerge and created the largest thermal basin in Europe in Abano. Ermitage has 3 hot springs of salt-bromide-iodine water that naturally flow at temperatures between 72 and 82°C, with an available flow rate of over 10,000 litres per minute.

RIPE GEOTHERMAL MUD

This is a unique and irreplaceable therapeutic element. It is an ancient therapy: in Abano, people have been receiving mud therapy since the Roman era. It is fully natural: the thermal clay comes from a lake in Arquà Petrarca, on the Euganean Hills. It is processed: mud ripens in thermal water for at least 60 days, acquiring the plasticity and chemical and physical characteristics that make it therapeutic. It is effective and scientifically patented: the pain-relief and anti-inflammatory active principle of Abano mud was isolated at the Mario Negri pharmacological and biomedical research centre, and is currently protected by a European patent.

INFORMATION

POLICY As the combination of stay and treatments is purchased in a single package, no refunds shall be given in case individual treatments are missed. Any additional treatments not mentioned above shall be paid for separately.

Access to the therapies In order to obtain optimal therapeutic results, guests are required to cooperate. Please bring with you the results of any recent clinical tests and a list of drugs you take.

Authorisations Auth. Nr. 15023 of 22/08/2019. Spa resort specialised in mud and thermal water bath therapy and inhalation therapy. Accredited by the National Health Service, Cat. I super: Italian Ministry of Health.

Medical direction Dr. Angelo Rioda. Orthopaedics Specialist.

and the return to active life.*

PHYSICAL REHABILITATION

Ermitage's Rehab offer is designed for clinically stable, self-sufficient and co-operating patients.

MEDICAL ASSISTANCE A full medical team comprising Orthopaedics and Traumatology, Rehabilitation and Physical Medicine, Neurology, Lymphology and Nutrition specialists can help all our guests suffering from light or severe limitations to their ability to move freely. The medical team guarantees that a skilled medical staff shall be always available to recognise the specific needs of each guest, according to the causes of the motor deficit, whether traumatic, orthopaedic, post-surgical, neurological or lymphological in nature.

MOTION REHABILITATION AND PHYSICAL THERAPIES Thanks to an exclusive customised, one-on-one assisted method that guarantees a steady 1:1 therapists/patients ratio, the hotel's own rehabilitation centre allows each of our guests to go through their rehabilitation autonomously and without worries. Modern electromedical equipment, large gyms and swimming pools freely accessible also for motion-impaired patients make it possible to alternate active and passive rehabilitation, and effectively control pain and acute inflammation.

HYDROKINESITHERAPY IN THERMAL WATER Helped by physical therapy and motor science professionals, our guests can integrate their rehab protocol with rehabilitation in thermal water, with a complete lack of architectural barriers. The chemical and physical characteristics of spa water (temperature, viscosity, specific weight) promote muscle relaxation and make it possible to perform the isokinetic work that is especially important in the first stage of active rehab, where it is necessary to correct postural defects and recover muscle tone with a controlled muscle effort without risks or exacerbations.

INFORMATION

POLICY As the combination of stay and treatments is purchased in a single package, no refunds shall be given in case individual treatments are missed. Any additional treatments not mentioned above shall be paid for separately.

Access to the therapies In order to obtain optimal therapeutic results, guests are required to cooperate. Please bring with you the results of any recent clinical tests and a list of drugs you take.

WELLNESS WITHOUT BARRIERS

Where others stop, we give our best performance.

Accessibility and the removal of architectural barriers are slowly being addressed thanks to an increased awareness and concern in everybody. Ermitage Bel Air - Medical Hotel decided to innovate and adopt an original and innovative approach: For us, accessibility means eliminating all barriers between people. It means offering everyone the opportunity to experience our health and wellness programs in full. The hotel, the wellness area, the spa and our swimming pools are places that people visit for therapy and socialisation, and are therefore designed to address both the prevention requirements of able bodied guests and the needs of guests who might be temporarily or chronically motion-impaired.

Best Italian Hotel in the accessible tourism sector.V4ALL AWARD 2017 - 2018 - 2019 - 2020 - 2021 Mobility & Senior Citizen Category

ELEONORA PROJECT

Eleonora's Dream: "A normal life".

Starting from the 2014 season, and thanks to the direct collaboration of some health care structures and non-profit organisations, Ermitage Bel Air - Medical Hotel has made a highly accessible Suite room available for people with severe motion impairment and their families, fully free of charge. The goals of this project are:

- Provide completely free assistance and high-level rehabilitation therapies
- Allow the families to enjoy a respite from their daily toil the rest of the year.
- Allow the families and patients to Experience a pleasant Holiday together!

We work in close collaboration with the Paediatric Hospice of the Padua Hospital.

LOCATION

Between enchanting art cities, at just **45 km from Venice**.

It is surrounded by a large private garden, at the feet of the Natural Park of the Euganean Hills, in the quiet village of Monteortone, about 1 Km from the very centre of the renown spa city of Abano Terme. The hotel is 15 Km away from the historic centre of Padua, while the cities of Venice, Verona, Treviso, Vicenza and Bologna are less than one hour's drive away, thanks to the A4 and A13 highway connections.

*Monteortone
Abano-Teolo*

DIRECTIONS

BY CAR A4 motorway exit: Padova Ovest, or A13 motorway exit: Terme Euganee - follow the signs to Terme Euganee - Abano Terme, from Abano then follow the directions towards Monteortone. The hotel is 150 m past the Sanctuary of the Madonna della Salute.
